**IV. PUBLIC COMMENTS (for items not on the agenda):**

There was no public comment.

**V. ACTION ITEMS:**

**A. Lineshack Proposals and Potential Recommendation for City Council**

The board reviewed the Lineshack proposals. West presented the six proposals that were received in response to the Request for Proposals that was published. The LL&P Board discussed each proposal and provided an opportunity for public comment. The LL&P Board heard from Ms. Emaus, representing Shabby Chicnagans, Mr. Bartkus, representing Bartkus Engineering, Mr. Schaal representing his proposal, and Mr. Dean, representing The Edge, LLC. Representatives from the Anti-Social Social Club and BGR Investments, LLC were not in attendance.

No formal action was taken, but the LL&P Board provided commentary on the proposals. The LL&P Board provided guidance for West to present to City Council. The LL&P Board is supportive of all proposals and requests the City Council consider all of the proposals that were submitted. The LL&P Board acknowledged that City Council could decide to choose a non-high bid proposal and requests the City Council ensure the benefits of that proposal outweigh the reduction in funds LL&P would receive in the sale.

**B. Board Training Session: Operating in Island Mode**

Generation Superintendent, Casey Mier, presented part two of a board training session on operating the Lowell Light and Power electric system isolated from the bulk electric system. Mier provided additional conceptual and foundational information on island mode and focused on the specific aspects of operating LL&P's generation assets in island mode. Mier identified significant challenges that would need to be overcome in order to successfully operate in island mode.

No action was taken.

**C. Power Supply Portfolio Risk Management Election Form**

West presented the updated MPPA Power Supply Portfolio Risk Management Policy (PSPRM), highlighting changes in the policy. West recommended that no significant changes be made compared to the PSPRM that the board approved in June 2020. West highlighted the explicit inclusion of FTR Services under Congestion Management and recommended the Board accept the use of FTR Services as an instrument for MPPA to utilize in assisting LL&P in the management of its power supply.

It was MOVED BY CRAWFORD, SUPPORTED BY SCHRAUBEN, to approve the Power Supply Portfolio Risk Management Policy and the Election Form be submitted by West as presented and recommended.

Yea: 5      Nay: 0      Absent: 0      Motion Carried
